NanoTemper Technologies GmbH is a leading international company in the field of biophysical measurement technology. NanoTemper develops and manufactures measurement methods, measuring devices and intelligent software that enable researchers to investigate new active substances for previously incurable diseases.

Within the scope of his duties, Mr Kchaou was responsible for these tasks:

- Helping maintain data integrity and perform data analysis within the CRM system
- Collaborating with Team members in the the analysis of Salesforce User operating procedures and workflows to identify opportunities for process improvements
- Aligning with stakeholders and updating outdated User training processes
- Creation of reports and dashboards using data analytics tools to provide insights and support decision-making
- Analysis of Leads to determine validity of data and ensure efficient follow up.
- Creation and testing of various CRM system changes in Sandbox environments.
- Various "day-to-day" admin tasks including, but not limited to, User Onboarding/Offboarding, Record Reassignments, Record updates and assisting Users with questions and challenges.

Mr Kchaou possesses comprehensive, wide-ranging specialist knowledge, which he was always able to apply confidently and skilfully in practice.

- Works well within a Team and shows willingness to reach out to members of other Team members to initiate discussions to gather information to ensure the best possible solution.
- Curiosity about CRM systems from a technical perspective, understanding how they are used and the impact they can have on an organisation.
- Willing to take ownership and lead projects.
- Proactive attitude towards tasks, always inquiring on how he can be of assistance.
- Handles and acts on criticism maturely.

He continuously and very successfully expanded and updated his extensive specialist knowledge to the benefit of our company by regularly attending events to further his education.

Due to his precise analytical ability, he was always able to understand complex situations immediately and to find good solutions straight away. Mr Kchaou always worked using his own initiative and completely identified with his responsibilities and our company at all times. He always displayed an impressive level of dedication and motivation. He always demonstrated resilience even in highly stressful situations.

He always completed his tasks completely independently, extremely carefully and according to a well thought-out plan. He worked calmly, thoughtfully, in a target-oriented manner and extremely precisely at all times. He continuously impressed us particularly in terms of quality and quantity. Mr Kchaou always was extremely reliable.

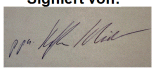

He always found good solutions for any problems which arose. Mr Kchaou was instrumental in evaluating and updating CRM training documentation for Users, multiple data cleanup and maintenance projects. He also played a key role in Lead analytics, ensuring potential Customer data was accurate and that responsible parties had relevant information for outreach. The performance of Mr Kchaou always earned our complete recognition in every respect.

He was respected by everyone for his consistently friendly and well-balanced demeanour. He was always helpful, courteous, and if necessary, he put the interests of others before his own. His personal conduct towards his line managers, colleagues and clients was always exemplary and loyal.

The employment contract will be terminated at the end of the fixed term on 14 June 2026. We regret the departure of Mr Kchaou, as we will be losing a good employee. We would like to thank him for his consistently good performance and wish him all the best and continued success in his future career and private life.
